## Our Soundess Guarantee

*Buy and sell with confidence - Credibility and Dependability are important to us.*

At Billings Livestock Horse Sales, all horses that are ridden through the ring and sell as a result of being ridden through the ring, are **GUARANTEED SOUND** until Monday Noon following the Saturday Sale and Wednesday Noon for "ShowCase Internet Sale Session" unless otherwise stated from the block or included in footnotes. To further define our policy, if the horse sells at 6 p.m. on the Saturday of our sale, the horse will be guaranteed sound for an additional 42 hours - Noon on Monday in regular session, Wednesday noon in ONLINE portion. **Horses are not sold to pass a post purchase veterinarian exam or "Vet Check" of any type nor is rideability guaranteed. Sugar is a solid ranch mare who is built to work. 15.2 hh with solid black feet. Smooth mover and quick on her feet. Soft mouth, moves off your leg/seat. Has plenty of pasture miles, been used for all aspects of ranch work from gathering and sorting pairs to roping bulls and dragging calves to the fire. Tracks a cow well. Ponied/flagged colts, been ridden in all kinds of terrain, rivers, bogs etc and goes barefoot with no issue. Rides out well alone or in a group. Would be well suited to a confident intermediate and up - she can be sensitive so not selling as a beginner horse. Would excel in a working home where she can be consistently used. Loads and hauls well, will stand tied all day. Good with feet/farrier. UTD on teeth, shots, feet. Only being offered as I have some young ones coming up that need the miles. Feel free to call/text for more info! VIDEO: <https://youtu.be/HPmT9PXpd8c> VIDEO: Haley 306-750-1063. Coggins.

I have owned 'Ray' for four years. I bought him from the breeders here in MT. Ray has a big motor for roping cattle and covering big country, but remains calm and cool unless you ask for it. I have used him on the ranch and as my Ranch Rodeo horse. Ray runs hard to the hip and is strong from the horn. I have drug a lot of calves on Ray and pasture doctored calves and cows on him, step off and do your work and he will stand still until you get back on. I have recently started coming out of the heading box on him and believe that this is truly where he will excel! Ray can be cinchy when he is fresh but solid as a rock once he is warmed up. For this reason I am not selling him as a beginner or inexperienced rider horse. Ray is easy to catch, shoe, and stands tied, he is hobble broke and easy to haul. VIDEO: Contact Seller. Hancocks Bay Boy or Jake is an exceptional horse. Jake received comprehensive training, including but not limited to roping, flagging, and tarp carrying. He was started from a box, following hot heels, roping live cattle, and introduced to poles and barrels. Jake breaks out of a box, tracks cattle, and has done some reining cow horse work. For the past two years, he has done all aspects of ranch work such as roping, doctoring in the field, cow camping in the mountains, branding, sorting, and riding feed lot pens during the winter. He has an amazing temperament, this horse seeks constant affection and is a true gentleman, from the ground and under saddle. He is easy to catch, shoe, and load. He has an in-your-pocket type personality, including wanting to share your food. Standing at 16 hands and weighing 1100 pounds, this horse has a striking appearance with big black feet, sturdy bone structure, and a bay coat with all dark points and an impressively long and thick mane and tail. Squirt is a really sweet, pretty, stout mare with lots of bone standing a hair over 15 hands. This ranch raised mare is a complete package! Squirt has lots of ranching miles on her and a solid fancy handle. Great to move cows on, load tubs or sort. She stays quiet and takes on all types of country like a pro. Her solid education makes time spent in the arena really enjoyable. We've been entering NRA rodeos on her this summer. She is turning out to be a snappy little rope horse and has a nice big stop. Squirt is a finished 2D / 3D barrel horse with 1D potential. No funny business in the alley or at the gate. Leg her up and she will really get to work! He goes through the obstacle course with ease, not spooking and has never offered to buck. He will ride both English and Western and would be super fancy in either discipline of dressage. Nikon has all the talent and try in the world. He soaks it all in and truly just wants to please. He stands 14.2 hh with good straight foot and bone. We've exposed him to just about everything we can and he's always calm, thinks through it, and then becomes so confident in no time. Nikon was started out on the ranch, has roped the lead steer and gathered/sorted cattle. His arena work is coming along and gets better by the day. Nikon will stand good to saddle, tie, bathe, etc. loads and hauls well. We've been hauling him to the local roping jackpots just for exposure to warm up with other horses and stand tied and watch the commotion. I truly believe Nikon would make an excellent prospect for any discipline, I could see him excelling in barrels because he has the turn and the speed, heeling because he really has a lot of cow about him and he's the right size, and also ranching because he's sensible and smart. Nikon is starting to neck rein, he works off of your seat and leg well. He stands to get on, nice walk trot lope, doesn't mind ropes, flags, tarps, etc. I also have videos of him being bathed and saddled that I forgot to add into his YouTube video. – Groot is a big gentle giant. Groot was started in the reining and handles very good. He is very nice to ride in the pasture and has drug calves to the fire and doctored. We have been roping on him for a couple of years. He has been hauled some and is ready to take on. He is quiet in the box and will go either end. He has some speed and is a pretty mover. This is a horse that you could enter in ranch riding or take to a roping. He is 15-3 hands and heavy duty with good bone and feet. The conformation and eye appeal is fantastic. **Duke**  
2016 Grade Buckskin Gelding  
Eli or Isaac Waddington Amidon, ND

Duke and Jake are a phenomenal team. They stand around 14 hands and are gentle, sweet individuals. They have been used in a four-up team pulling the stagecoach as the lead team in the Deadwood, SD Days of '76 parade and rodeo in 2022 and 2023. They had been left to sit for a year and were harnessed and driven in the 2023 parade. They then sat for another 6 months and were driven right off again and did great. They have been used to give stagecoach rides at Medora, ND this year and are a consistent team. They are said to have had 30 days of riding put on them when they were two but we have only used them for driving and giving rides at Medora. They are sound. King is a home raised gelding, sired by Frenchmans Elvis who is by the great Frenchmans Guy. We know everything there is to know about this wonderful gelding. He has been a part of our program for 7 years. We have done everything with King, from halter breaking and breaking him to ride, to heading steers and roping bulls in the pasture. King is a very versatile young gelding with a great mind, wonderful confirmation, and is sure to be great in any direction you choose to use him. I have been heading steers on King for over a year and he is now jackpot or rodeo ready. He breaks across the line as flat as one can get, runs extremely hard to cattle with a great move and snappy face. You don't get the combination that King has very often with his ability to move like a cat, watch a cow like a border collie dog, and gentle enough for the whole family to enjoy. King has seen every aspect of ranching one can possibly see. He has been night calved on, all while using a headlamp and flags, taking it all with ease. He has been sorted on and loaded numerous trucks, opens and closes gates

King has spent many days and miles in the mountains with rocky terrain and is always sure footed wherever you take him. King is great about his feet and is wonderful to shoe. He wears a number one shoe all the way around and has great black feet. There is nothing this great gelding has not been exposed to in or out of the arena. He is always sure to stay gentle and broke with several months off. If you ask a lot of him he will have a lot of go. However, if you are a low key rider, he will slowly ease around. Best suited for a confident rider. King is a special gelding to our family due to his kind demeanor, beautiful appearance, unique talent, and willingness to participate in whatever you please. Sigh is a 2007 off the track thoroughbred, 16.2 chestnut gelding. I have his jockey papers and he's retired sound. I've ridden him of the trails where I boarded him at the Beartooth Ranch outside of Columbus and where he's at now. I've owned him for 10 years and he's been the horse that I've used. He's easy to catch, halter, clean his hooves, bridle, and saddle. He loads easy and travels well. He's up to date on his vaccinations, his teeth are floated, tested this spring. Sigh is a good natured sharp looking athletic gelding. There are two tiny white spots from a shoulder protector that he wore under his winter blanket and he has a scar on his left hind leg from 2014 that has never bothered him. I am looking to sell him because as I'm getting on in years I need a shorter horse. He's simply too tall for me to get on easily anymore. As I slow down, he needs someone who can give him more miles than I am able to take him on now. He can get a little amped up. I think Sigh needs an intermediate rider. VIDEO: Contact Seller. Cody Hyde rode her for a month and did a great job with her. She would be the perfect step-up horse for a Junior rodeo kid! Nearlee has tracked the sled heading and roped live cattle. She's been ranched and branded on, crosses water, trees you name it. This mare has the brains, athleticism, papers, the build, and the heart. She's dead broke and a sweetheart to be around. We have used Leroy for everything and anything on the ranch. He is currently being used on a big yearling operation. This horse can cover the country and take the long days, we have doctored cattle, drug calves to the fire and sorted a lot of yearlings on him. He has been started on the hot heels and the breakaway sled. It would take no time at all to make this horse a performance horse. Old wire cuts on his hind legs from when he was a yearling. 100% guaranteed sound and we have a signed vet note declaring that. Come try him out before the sale! She's around 14.2 hands, will fill out a lot more. This filly has a really nice start on her. I halter broke her and started her under saddle and have been the only one that has ridden her and I know the people who raised her, so I know what I've got. She has been super easy to start, willing, athletic and takes everything new really well. I have around 70 rides on her and she will continue to be ridden until she sells. She gets better every ride. I've roped logs and drug them off her, she's moved cows around, have just started to work on sitting down and turning a cow. She's been hauled and does really well. Took her on a horn hunt where a bunch of people take off running on horses full speed, she did awesome! Totally under control. Doesn't get jazzed up, keeps her brain and does well in new places. She's been ridden on a two day trip through the Bob Marshal Wilderness. Stands tied, loads, crosses water, and trims great! Is shod right now and did really well on getting her first set of shoes on. She's got a scar on her right front ankle, and her foot isn't perfect shaped. She's sound, has never taken a lame step. That is the only fault she has is that foot isn't perfect. It does not affect how she moves. I have video of her moving and riding. She is registered with some great bloodlines! I've started several of these colts with these lines and they're all awesome horses with great brains. Take this mare and finish her out! She will make an awesome all around horse! He has been started right and is ready to go any direction you want him to go. He loads great, travels quiet in the trailer, and good for the farrier and the vet. Stands quiet for the saddle and nothing really bothers him! He loves people and will meet you at the gate. He's been exposed to 4-wheelers going by him, trucks and loud machines. None of which seemed to faze him at all. He was actually more curious about the machines than afraid! He's a great minded horse and would excel at anything. Should mature around 15 hands. VIDEO: Contact Seller. FMI: 307-752-4274. Coggins.

He will lope a nice soft collected circle, picks up both leads nicely and has a quick stop to him. He would continue to make a nice ranch horse or would be a good 4-H horse for a kid. He's gentle, safe and would make someone a nice little ride. Sells 100% sound in every way, come try him out before the sale! VIDEO: Contact Seller. FMI: 308-430-3460. Coggins.

Viking is a full grown REGISTERED United States Icelandic Horse Congress horse. NOT A PONY. Grown men in Iceland use only these; no other horses are allowed in Iceland. He came to the USA 2021 and I have had him since then. I've had him behind cows but he shows no interest in being a cowhorse. Se he has mostly been ridden for pleasure. But I am 81 years old and not getting him ridden enough. He has never bucked, but he will spook sometimes. Not for an inexperienced rider as he does need to know who is boss. Very easy to catch with a treat and likes people. Had West Nile shot. The grass in Iceland is low in nutrition, very low in protein, so he can't be turned out on green grass and no grain. I use 3 or 4 handfuls of grass for treats and do turn him out on brown grass. VIDEO: Contact Seller. FMI: 307-758-4370. Coggins.
