Stout and sturdy, Whisky has several hundred miles under his belt, he spent the majority of 2024 on a guest ranch in Wyoming packing guests and wranglers of all rider levels. He's slow, steady and built like a tank! If he's got a speed button we haven't found it yet. Whisky was used for a kids program, he's participated in Speed Horse Association and gaming- he was a slug- This beautiful boy was also featured in an up and coming clothing company ad. Whisky is easy to catch, easy to load and stands great for the farrier. Whisky has been in parades, loves to swim and gets along well in a herd setting. Don't let the bump on his rump fool you, he grew a bit taller on one side but he is sound and healthy, up to date on (3/3) feet, vax, worm and teeth. No need for a blanket, he's got a nifty trick and can shed a blanket so unless you've got the time and desire to field hunt for it, he's good in the buff! 15.2hh. Remi is the kind of athlete everyone dreams of owning. He is the best breakaway horse money can buy, Remi goes in the box level headed and leaves solid and flat footed and will get you to your spot, he will never cheat you. Remi has been rodeoing back east for the last few years and is only being offered due to his owner going off to college. Remi stays broke with time off no matter the temperature or atmosphere he never gets fresh and is always ready to go due the job asked of him. I don't use this word often but my favorite word to describe Remi is "reliable". Remi is very fancy broke, drop your reins and go do a days work, give lessons on him in the morning and take him and win the breakaway in the evening. Remi will one hand neck rein, he's soft in the face, will drop his head and turn around like a broke one should. Aside from being a jam up rope horse and athlete, Remi is kind and very personable, he will run to you in the field and is always the first one looking for attention. Remi has zero vices. He travels and stalls the best, he stands like a service dog at the end of a lead to get shod. We've really grown to love Remi and everyone who has encountered him will say the same. Remi does require minor maintenance, and has current X-rays for any interested parties. VIDEO: Contact Seller. FMI: 606-748-0066. Coggins.

Sweet Pea

2018 Grade Black Pony Molly Mule

Quarter Circle 4R Ranch Horses Cody, WY

At 40", Sweet Pea is just the sweetest little mule ever. EXTRA GENTLE - She is so kind, not at all your typical mule or pony. She has NO bad pony or mule habits. She loves people and attention especially kids. She will come find you anywhere and is super easy to catch. She has never offer to kick, bit, run off or do any of the bad habits that mules and ponies are known for. Our kids have played with her for the past year and she loves every bit of it. Sweet Pea is very patient and laid back with our 3 year old taking her over all the trail obstacles, if our daughter trips and falls when leading her, Sweet Pea just waits patiently for her to get up and they go again. She is great with her ears and feet, easy to saddle and bridle. She is excellent for that first beginner/lead line rider but she has been rode out independently by older kids. She has been trail rode and rode around the ranch moving cattle. She will go where she pointed, crosses water, ditches, downed timber and goes through the trail obstacles. Sweet Pea is great with the dogs, cats, alpacas, yacks, poultry, they don't bother her and she doesn't bother them. Sweet Pea gets along well in a mixed herd of ponies and horses, she is in the middle of the group, she doesn't bother anyone but she doesn't get picked on either. She is also happy in a pen by herself or in a box stall. She is easy to load, stands well for the vet and farrier. She is up to date on worming and vaccinations. PPEs welcome and we also welcome you to come to the ranch and meet Sweet Pea. VIDEO: <https://youtu.be/RJ1qo2bccs8?si=ZI4SrRyHXQ0rnUTY> FMI: 307-250-0900. Coggins.

Dimples and Dapples have been together since they were young. Gentle Gentle Gentle. Dimples drives on the left and she is 15.2 hands, and Dapples is on the right at 15.3 hands. They were trained and used on a South Georgia plantation and we bought them from a friend three years ago. They are broke for anyone to drive. They are a perfect parade team as they are used to commotion, gunshots, and bird dogs running around their feet. We have driven Dimples and Dapples in parades in Livingston, Roundup and Billings and they have been unflappable. They are broke to voice commands and know to gee, haw, whoa, back, step up, and go easy. They were also used as a chuckwagon team for brandings in eastern Montana. They have drug lots of firewood logs to camp for us and have not got excited going through water or around deadfall. They are dual purpose as we have also packed them many times to and from wilderness camp. Dimples and Dapples are easy to harness, bridle, and cinch on a pack saddle. When you catch one you have caught the other as they are a true team who is always together in the mountains or on pasture. They like attention and people. They have good hard black feet and are easy to shoe. Reliable kind team with plenty of foot and bone to last. They are steady-fast and dependable. Dimples and Dapples are SAFE. No scars or blemishes. Dimples and Dapples have been together since they were young. Gentle Gentle Gentle. Dimples drives on the left and she is 15.2 hands, and Dapples is on the right at 15.3 hands. They were trained and used on a South Georgia plantation and we bought them from a friend three years ago. They are broke for anyone to drive. They are a perfect parade team as they are used to commotion, gunshots, and bird dogs running around their feet. We have driven Dimples and Dapples in parades in Livingston, Roundup and Billings and they have been unflappable. They are broke to voice commands and know to gee, haw, whoa, back, step up, and go easy. They were also used as a chuckwagon team for brandings in eastern Montana. They have drug lots of firewood logs to camp for us and have not got excited going through water or around deadfall. They are dual purpose as we have also packed them many times to and from wilderness camp. Dimples and Dapples are easy to harness, bridle, and cinch on a pack saddle. When you catch one you have caught the other as they are a true team who is always together in the mountains or on pasture. They like attention and people. They have good hard black feet and are easy to shoe. Reliable kind team with plenty of foot and bone to last. They are steady-fast and dependable. Dimples and Dapples are SAFE. No scars or blemishes. Current on vaccinations and wormer. They will sell together. <https://blackmountainoutfitters.com/> For more info, photos or a video email blackmtn2@aol.com VIDEO: Contact Seller. War Pony is a broke, gentle, 14.3 hand nice-looking mare with a good neck rein and stop. She will ride by herself or with others. She was used as a guest horse on one-hour rides before we bought her, then we used her as a wrangle horse in our wilderness camps. She will stand tied by herself but is happy to be with the bunch. War Pony can really travel and has a great walk, trot, and lope. We rode her bareback with a halter quite a bit. She is both hobble-broke and picket-broke by a front foot. She will go up the mountain daylight or dark and is sure-footed over deadfall. She has led the pack string, and held mules while they were packed with elk meat. She is a sensible smart mare. War Pony has a superficial scar on her left shoulder from scraping an irrigation wheel line on pasture this winter. We had the vet stitch it and it's skin only and healed well. She was exposed to a bay roan 15.2 hand quarter stud last summer. Particularly full drafts, draft cross riding and driving horses, and papered Quarter horses (ranch, roping, and barrel racing). Along with the horses, we run 200 head of commercial cattle that we feed with a team in the winter and doctor with ranch horses year round.

As far as our breeding program, we cross varying combinations of Brabant, Percheron, Quarter Horse, and Paint to create unique and functional horses that will fit into various disciplines. The colts we offer for sale each year are meticulously sorted through to ensure they are held to a high standard in regard to structure, eye appeal, and longevity in their careers. We are always happy to talk about all of our programs so please reach out to us anytime at 780-210-2503.

Wowk Ranch & Miller Horses Offering Session One

Wowk Ranch & Miller Horses
Production Offering
Beauvallon, Alberta Canada & Moore, Montana
780.210.2503 or 406.380.1154

Miller Horses is located in the heart of Central Montana near Moore. Reuben and Linda Miller have been raising and selling horses since 1985. In 2015, sons Steve and Andrew started taking a more integral role in the family business. We take pride in finding our customers the right horse whether it be for riding, driving or a horse that will combine the two. Our horses are used in just about every aspect you can think of...farming, ranching, trail riding, driving and hunting camp. We run a small feedlot where we feed out our ranch raised beef. We also enjoy helping many neighbors out during the busy branding and shipping seasons. Our knowledge of driving has placed teams all over the US including Hawaii and Alaska. Our riding horses are being used for everything from ranch horses to trail horses to rodeo pickup horses.

While we have dabbled in many different breeds over the years, we have narrowed it down in recent years to primarily Quarter Horse, Percheron, Friesian and crosses of the three. Currently we are standing a registered, steel grey Percheron stallion; a registered, coal black Friesian stallion and a Noriker/Percheron cross blue roan stallion. Our broodmare band includes AQHA and grade QH mares, Percheron and draft cross mares as well as some Paint and Spotted Draft mares. This variety of blood/breeds has produced some truly phenomenal and diverse horses. Please feel free to reach out with any questions. 406-380-1154

NOTES: BLACK TYPE ONLINE SESSION: Bud was trained as a cutting horse with NCHA earnings of \$21,213. He moved to a guest ranch where he was tried as a guest horse but that lifestyle wasn't suited to him. He remembers all of his training, he's incredibly responsive and he gives to extremely light touches. Bud has a great gait, turns well and gets back on his hind end well. He stands like a gentleman for the farrier, stands calmly when tied and loads and unloads in a trailer easily. He has a scar on his back right leg from an old barbed wire wound but it's topical only with no resulting soundness issues. Crosses water, opens gates, goes out on the trail and loves arena time. Bud is difficult to catch out in the pasture but he comes to grain. He's got very sensitive ears but I just unbuckle the headstall to slip it over his ears and he takes the bit easily. He's smart, eager to please and willing to work hard for one person who will give him all the love and time he deserves. I'm sorry to see this sweet horse go, the dude life is just not the life for him. Up to date on worming and shots. VIDEO: Contact Seller. FMI: Julia 406-366-6101. Coggins

NOTES: BLACK TYPE ONLINE SALE SESSION: 14.2hh 1000lbs. Hobby is a great young gelding. This is a dang handy gelding, who's seen just about everything. My boy started him as a 2 year old and has done just about all the training on him. He's sorted in the alley and gate. Hobby has been to a branding pen, gathered rough country, and spent 2 falls packing elk and leading strings of pack horses. He's never made an off move and never once bucked, from his first ride till today. Gentle and stays gentle, even with 5 months off. He's been started on the sled heeling and floats when he lopes, and lopes a beautiful set of circles. Really big stop, wants to turn around and wants to be cowy. They are full sisters that stand 16.1 hands and are currently weighing 1850 & 1950#. June and Jane have that beautiful, rich, dark bay color, long manes and tails, square hips, and solid black hooves. They are put together just the way you would want with no blemishes! They are well broke to all farm machinery and we have used them in town for different events hauling people. June and Jane stand well to hook up and rest. They are traffic safe tried and true, as we have driven them right alongside Hwy 52 here in MN with semis, big tractors and everything else you can think of without a bobble. We have owned June and Jane for 2.5 years and acquired them directly from the Amish Farm where they were born, raised, and broke to work on in LaGrange, IN. They will walk off steady, swing easily, and back up well. June and Jane did their fair share of field work and are still not afraid of work. They have straight legs, good feet and are good mothers. The colts they are carrying now will be the 3rd set of colts they have raised for us. Jane is due to foal 5/10/2025 and June is due 6/4/2025. Both mares are vet checked in foal. What can we say about Moolah other than he is the full package? This stud colt is an absolute stunner and we thought he would be the perfect colt to start off our third section as he is the epitome of the crossbred horse we are trying to raise. If you are looking for a stud prospect, this is your guy. His sire is Baby Duck (blue roan Brabant/Percheron/QH) who is the cornerstone of our breeding program and has never dropped a baby that wasn't roan or grey or conformationally superb. His dam is a big bay 3/4 draft (Percheron/QH) that throws big solid colts like clockwork. That being said, he would also be one heck of an eye appealing saddle or driving horse as he matures as well. Cajun
2020 Grade Sorrel Belgian/QH Cross Gelding
Lazy YS Equine Chadron, NE

Cajun is a half Belgian half Quarter horse gelding that stands 16.1 hands tall, weighs roughly 1300lbs, and wears a number 3 shoe. This big stout gelding has all the bone and shape you could ever want out of a crossbred horse. Cajun does not move like a big horse, he's very smooth and broke in the bridle. He lopes, stops, and rolls back, all in a soft and correct manner, this stout horse knows where his feet are and can move like a little cow horse. Cajun has been used all over the ranch and stockyards; he has gathered cattle out of big country, sorted cattle, ran gates, loaded and unloaded trucks, roped cattle in the feed yard, and much more. We have also used Cajun to help pony and break colts, he does a fantastic job of holding rope and having a calm and cool mind. This gelding is also broke to drive and has been used to plow fields and put up hay, but has been primarily a saddle horse for the last two years. There's not much this crossbred horse hasn't done but yet has loads of potential to go in any direction you would like. He would make a great pickup horse, rope horse, outfitter horse, trail horse, driving horse, or continue to be a top notch ranch horse. Whatever it may be, we believe that Cajun will fit in with most anyone's string. Come try him before the sale! VIDEO: <https://www.youtube.com/watch?v=pnYtHXbMQmQ> FMI: 308-430-3460. Coggins.

15.1hh. Poncho is a well-built, athletic 9-year-old that has seen a lot of big country. Poncho is not just easy on the eyes; you can ride him or put him in your string and pack meat on him. He has a big motor on him with no quit. He will cross water and ride over down fall. Poncho's main use was for hunting or trail riding in the off season. Though we have no doubt he could make a good ranch horse. He is good with dogs, easy to catch, and good with his feet. Current on all vaccinations and wormer.

Peaches is a 15 hand, dappled palomino. She is a standout mare with all the potential you could want. We have used her for roping off of in cattle gatherings/branding, and then the kids turn around and take her on trail rides or use her on barrels. Peaches can be ridden by any level of rider and takes care of whoever happens to be on her. Our 10-year-old daughter has taken her out into the timber bareback, and used a log to stand on, so she could jump up on her. She is the prettiest palomino, with a baby doll head and big hip. Rockstyle

2019 Grade Brown Draft Cross Stallion
Rising L Horse Ranch Scobey, MT

Here's an opportunity to own a one of a kind draft cross stallion. Creatively named "Rockstyle" by our then 3 year old daughter. We've raised this big guy right here at home on the ranch since he was a 2 year old and he's has been a real pleasure to own. They don't get much more magnificent than him standing at a solid 16.3hh and weighing in at 1700lbs with movie star good looks and personality to match. Percheron crossed with quarter horse and Andalusian to give him beautiful flowing movement and athleticism for days he turns heads everywhere he goes. We've had several foal crops from him and he pasture or hand breeds. Great to catch and handle and a gentleman with the mares and foals. His babies are proving to be just as nice as him all have been passed on his good looks and easy trainable temperament. Tons of potential here to raise crossbred colts for the discipline you wish, whether it be dressage, equitation, ranch and pickup horses or even just some super fancy horses to take you down the trail in style. We have kept back his foals as replacement filly's and our main bunch of mares have aged out so with great difficulty the decision was made to offer this guy to a new home where he can continue producing some first class babies. He has been started and had a few rides in order to prove trainability and he passed with flying colors. Well socialized, he lives with our geldings all winter with zero issues. Selling with registration application and signed transfer. Rio is about as sweet as they come. He's got a puppy dog personality and loves attention. Rio is a late July colt so still has a bit of a baby look to him but he is going to be a solid built boy when he matures. Sire is 15h and built like a horse should be, dam is taller and a soggy girl. Rio does have one blemish, front right fetlock there is a scar and a bit of scar tissue on the front. Joint wasn't affected, skin was split. He was doctored right and sells sound. I'm having a hard time letting this one go but I'm realizing at my age broke horses ride much nicer than green brokes.
